KREATİF

Markalar için farklılaşmanın önemine inanan Logoraf firması, her zaman yenilikçi ve fonksiyonel ürünler sunmayı hedeflemiştir.

Bunun için tasarımın önemine inanan firma bünyesinde tam zamanlı iç mimar, mimar ve üretim mühendislerinden oluşan bir ekip yer almaktadır.

Satış noktalarının farklı metrekareleri için veya perakende zincirlerinin kurumsal kimlikleri doğrultusunda Logoraf firması konsept projeler geliştirebilmektedir. Özel tasarlanan bu projelerde standart raf ve banko sistemleri, projeye özel geliştirilen çözümlerle entegre bir şekilde kullanılabilecekleri gibi tamamen farklı bir kimliğe sahip olabilmektedir. Böylece Logoraf müşterileri, kendi kimliklerini benzersiz şekilde satış noktalarına yansıtabilmekte hizmet verdikleri sektörde firmalarını mekan tasarımlarıyla da gösterebilmektedirler.

CREATIVE

Logoraf that believes in the importance of differentiation for brands, has always aimed to present innovative and functional products. In accordance with this purpose Logoraf has a team consists of full time interior designer, architect and production engineers.

Logoraf also works on creative projects in accordance with corporate identities of retail chains and also develops special concepts for different sized sales areas. In these kind of projects, not only the standart shelving and checkout systems can be applied, but also completely project specific products can be designed and produced, or both can be used together in an integrated way. Thanks to these various store equipment facilities, Logoraf clients can easily reflect their identities incomparably around their sales points.
